Ideas:

- For each page ask, *Nauk ahivak?* (Where is the spider)? Encourage the students to use placement words such as on, inside, under and body parts such as head, leg. An example of a full sentence would be, *Aasivak niungani ittuq.* (*The spider is on the vole's leg*).
- Ask students where the animals live. Answers to this question could be, *Nannut natirnani, sikumi, imarmi itpaktuat.* (*Polar bears live on the tundra, on the ice and in the water*).
- Ask students which animal is the biggest or which animal is black or what does a wolf eat.
- Ask students which animal is their favorite and why. Answers to this question could be, *Tuktum niqinga nakuugiyara.* (*I like to eat caribou*) OR *Tulugaq nakuugiyara uqaqtigivangmanga.* (*I like the raven because it talks to me*).
